### IN JESUS NAME - PRAY

#### PART 2

### THE CHRONOLOGICAL RECORD (1979–1983)

#### INTRODUCTION: TINY STAR vs. TINY STARS

*This section contains the chronological and primary record of my (Chuck-JOHNEL's) revelation/ insights into the **Tiny Stars**. I specifically write *Tiny Stars* (plural) here, as opposed to *Tiny Star* (singular) because, as Jesus revealed over the years, there is not just a single *Tiny Star*, there are multiple *Tiny Stars*.*

*This chronological record begins with September 1979 and runs through December 1983. Please note that I have inserted updated commentary on the chronological record in the context of a specific date or time period and again at the close of this section.*

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

## SEPTEMBER 1979

**BILLINGS, MONTANA BURNING:** While briefly in Billings, Montana, the Lord gave me a vision of the city of Billings engulfed in flame. It was strange vision. It was quite clear that the whole city was a roaring inferno—something caused the whole city to ignite all at once.

## APRIL 1, 1982

Jesus' Word as reported in the Ministry's Friends Report (#50, 9/8/82, pg. 2): **“WATCH APRIL 5<sup>TH</sup>, IT WILL BE MORE VISIBLE THAN YOU THINK . . . IT WILL COME IN THIS YEAR AND BEFORE SUMMER AND ITS END WITH SUDDENNESS.”**

*September 1, 2008 Comment by Chuck-JOHNEL: During this time, Jesus was slowly laying ground work with me to grasp the dimension of this event, which He had not yet made clear. Also, I did not understand at that time that His use of the term **“THIS YEAR”** meant a future year and thought it pointed to something happening that April 1982. However, nothing developed.*

## APRIL 3, 1981

Jesus Christ spoke to me just one word: **CONFLAGRATION**. It means GREAT FIRE and speaks of volcanic fire, or nuclear war, and/or something from outer space.

## APRIL 26, 1982

A Christian in Indiana reported hearing a radio broadcast indicating that a newly discovered comet was on a collision course with earth. Others also reported hearing similar reports on radio or TV that day, but there were no subsequent news releases that came to my attention.

## AUGUST 26, 1982

Jesus Christ's Word: **“THERE IS SOMETHING HERE.”** I shared these things with Christians on the ministry mailing list at the time and asking their prayers and discernment according to Scripture:

- “. . . *in a multitude of counselors there is safety*” (Proverbs 24:6).
- *“Hear counsel, and receive instruction that thou mayest be wise in thy latter end . . . ”* (Proverbs 19:20).

The first replies to my request for prayer and discernment confirmed my suspicion as the Lord gave more than three Christians who prayed about this the very same Scripture as a confirmation: Revelation 6:12–13, which speaks of earthquakes, sun-darkness, and **“stars falling onto earth.”**

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

## **AUGUST 30, 1982**

Jesus' Word: **"TELL MY CHILDREN THAT THE DEATH POTENTIAL IN THIS UPCOMING PERIOD IS IN THE MILLIONS OF LIVES. AS YOU PRAY, I WILL ENTER-IN, AS YOU CONTINUE, I WILL CONTINUE. . . . YOU WILL SEE SOME NOW, MORE LATER, AND WHEN IT'S APPARENT TO ALL IT WILL BE TOO LATE. I AM WITH YOU TO SEE YOU [that is, believing Christians] THROUGH."**

*September 1, 2008 Comment by Chuck-JOHNEL: During this time, I was driving across North America extending the Seal of the Living God to God's people and had my focus in prayer on potential earthquakes. Jesus was drawing me in a different direction. I understood that millions would not die in an earthquake alone and began to wonder what could cause such a loss of life.*

## **SEPTEMBER 1, 1982**

Jesus' Word: **"WOE UNTO THOSE WHO HAVE STUMBLERED ON UNBELIEF . . . I AM WITH YOU AND WONDERS ARE NEAR. YES SKYWARD, LOOK THEN SEE, THEN FEAR AND AWE AND TERROR, BUT NOT A HAIR OF MY SEALED LAMBS WILL BE SINGED."**

## **SEPTEMBER 4, 1982**

Jesus said: **"INDEED MY SON, IT WILL BE SEEN SKYWARD, A BRIGHT STAR, THEN VISIBLE BY DAY GROWING RAPIDLY. THIS IS DEATH MOVING IN. IT COMES TO AMERICA, YEA BURNING BRIGHT IN A NIGHT SKY AND A GREAT WIND BEFORE AND AFTER IT. THE HEAVENS WILL ROAR ABOVE. IT COMES FOR A CITY, BUT ITS TAIL IS DESTRUCTION OF EVERY KIND, A FIERY PATH OF DEATH. . . . IN 1981 IT WAS NOT, THEN IT WAS—NOW IN DUE SEASON IT WILL BE SEEN AND HOPELESS IS MAN. . . . AS MY PEOPLE PRAY I WILL MOVE, I WILL MOVE. THE FIRE OF REBELLION CAN BE CONSUMED BY THE FIRES OF LOVE IN PRAYER. IF MY PEOPLE PRAY I WILL MOVE AND IT WILL DEFLECT. IF NOT [that is, if there is no prayer] IT COMES. ABIDE."**

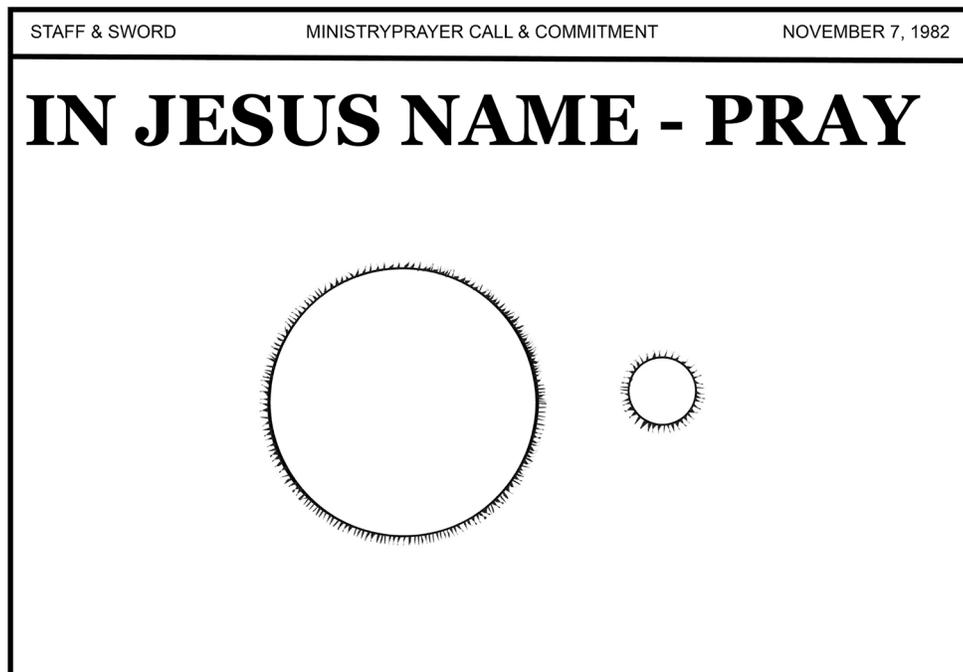

*September 1, 2008 Comment by Chuck-JOHNEL: Although this Word applied to specifically to 1982, it also applies even NOW and on into the future. God's Word is given from a viewpoint which is "timeless" (that is, in a dimension of time we do not comprehend).*

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

## THE FIREBALL!

Here is a sketch of THE FIREBALL that I included in a Ministry Prayer Call & Commitment (11/7/82):

## SEPTEMBER 4, 1982

### *THE FIREBALL IS REVEALED!*

I received a vision from Jesus that was reported in the Ministry's Friends Report (#50, 9/8/82, pg. 2): "When Jesus spoke the September 4, 1982 word to me, I saw first a night sky and a very bright star, it was very bright, brighter than the North star—it was this thing. Then I saw it in daytime, it appeared to the right of the sun, which was near 10–11 a.m., it appeared like a second sun, about tennis-ball sized in comparison to our sun. I know it will enter earth's atmosphere at an oblique angle, thus its rate of descent will not be quick, it will not fall but seemed to move with thrust, thus I figured the gasses were burning giving it thrust like a rocket—as it passes over America, it will leave a fiery path of destruction equal to the destruction on impact. This knowing brought me to think—a comet is frozen gasses, it would fall like a rock—I seemed to know this thing had its own electro-magnetic field, that it would head for the earth's pole opposite its charge. Thus, earth's magnetic field (same as its own) would repel it, keeping it airborne longer. Thus, it would come in either SOUTH to NORTH or NORTH to SOUTH. Jesus' Word might tell which direction—I'm sure it does. It appears that a minimum of 1,000 prayer warriors are needed for prayer."

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

**SEPTEMBER 7, 1982**

## ***COMET OR STAR (SUN)?***

I reported my revelations about this in the Friends Report (#50, 9/8/82, pg. 2): “As I drove north Sept. 7<sup>th</sup>, I remembered the vision given me Sept. 4<sup>th</sup> of the daytime sky, seeing our sun, then this tennis ball-sized ball of light like a sun along side of it. A comet reflects light and does not generate it, passing a Sun, its tail trails away from a sun—but I saw no tail in the night sky nor the day sky—and along side of the sun (our sun), it burned as brightly as our sun did. I corrected my view of it being a comet—it was alive not dead like a comet, a mass of frozen gasses. No, this has its own magnetic field, it’s ‘**NEWLY BORN**’ (Jesus’ Word), it’s hot thus possibly thermo-nuclear like a sun is—it’s a tiny sun! I do not believe astronomers even know of the existence of such a thing as a tiny sun—but then they didn’t know about the 1,700 mile fault system JESUS revealed to us long before they discovered it and many other things. What’s important here is that this is an attempt to tune in Jesus’ Word, it goes back to 1979 and even further, and speaks of this thing—further, the Lord makes it clear, PRAYER NOW before it’s seen will have a good effect—wait until it’s seen and it will be TOO LATE—His Word!”

## ***DISCERNMENTS AND CONFIRMATIONS***

As a result of the Ministry’s August 1982 Newsletter, in which I asked for prayer and discernment, the following responses came:

- A Christian brother and prayer intercessor, Richard-DANIEL, reported to me that on either March 12 or 13, 1982 he had a dream (night vision) where he saw a daytime sky with a very bright sun alongside of our sun, except it was the size of a ping-pong ball by comparison to our sun. Likewise, he saw it grow day-by-day, and lastly saw this fiery ball passing between two mountains, the one seemed to have buildings on it (a city?). At dream’s end, the Lord gave him three numbers—“1 9 7”. He and his wife thought it might be a count of days to either September 24, 25, or 26, 1982. This Christian brother and his wife knew to watch these days in September but did not know what to expect. The “thought” entered into my mind that this “thing” might be discovered at that time but this was highly speculative at the time.
- A Christian sister and prophetess in Mississippi named Muriel reported a vision seen in 1973 of a fiery globe streaking to earth, passing between two mountains. When it entered the earth’s atmosphere the sky turned a weird purple color.

## ***OTHER VISIONS AND CONFIRMATIONS***

Even more confirmations came to my attention. In the Ministry’s Prayer Call and Commitment (1/28/83, pgs. 6–7), I described the following confirmations:

- A minister in Florida would share of a Word from the Lord back in the early 1950s speaking

# **The Staff and The Sword Ministry**

## **The Tiny Star: Review & Update**

of a “great fire” coming to earth.

- Michel of Florida would share this: “While I was praying one night (in September 1982) I received a vision. Part of the vision I saw the earth and all of a sudden there was a bang and then the earth cracked and started to sway to and fro.”
- I was told of the prophet David Terrell who had a vision in 1976 of a fiery ball coming over the United States, falling to earth. He saw people killing each other trying to get out of its way as it fell, for the terror was great when it was seen.
- Uniquely, the same day I updated the Prayer Call on November 7, 1982, a Catholic publication was printed in Michigan warning of a Great Celestial Chastisement from God, A FIERY BALL OF REDEMPTION in the form of a Celestial Comet falling on earth. The call was for repentance and PRAYER, identical to the very work Jesus has sent me to do.
- Denise, a Christian in the San Francisco area had a vision of what seemed a comet-like heavenly body shooting overhead and she heard a crackling noise.

### ***DESCRIPTIONS OF NEWS ARTICLES***

The following is a compilation of descriptions of various news articles related to The Tiny Star that came to my attention over the years:

- I have read some articles that note that scientists have discovered a new comet, quite large, hurtling toward the earth, which if it strikes, will be sometime between April and December 1983. The scientists also say if it misses earth it will be only be a squeak but there is every reason to believe it may hit the earth. If it hits the ocean it will cause great catastrophes as it is so large it will go straight to the bottom and on impact throw up tons of debris and cause much disaster. If it strikes the earth it will completely destroy at least 200 square miles of land, completely wiping out everything and causing great weather changes.
- I saw one news headline that read “SCIENTISTS PROBE METEORS HURTLING TOWARD EARTH”. The news article went on to report that terrifying winds raging at 1,500 miles per hour would flatten almost everything in its path up to 1,200 miles from the point of impact. Hot ash would form a life-destroying cloud of dust reaching around the world and devastating ultra-violet rays would sear the surface of the earth. Impact with an ocean would create instant tidal waves towering miles high and send them off on a mad race hundreds of miles inland. Continents would be shaken to their roots. Long-extinct volcanoes would erupt in furious firestorms and giant earthquakes would rumble mountains and rip huge gashes in the earth’s protective crust. Governments have hatched elaborate cover stories to explain expenditures of staggering amounts of money on astronomy and space research to meet this threat.
- I read other news reports that note that researchers at University of California and elsewhere

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

claim that extinction of the dinosaur age was caused by bombardment of the earth by meteors.

- I read still other reports in which scientific experts trace the Biblical story of Noah's Ark and the Flood, the sinking of Atlantis, and other legendary cataclysms to near collisions with runaway comets and huge meteors crashing into the earth.

**OCTOBER 10, 1982**

## ***JESUS SENDS ME WITH FINAL WARNINGS***

In the Ministry's Prayer Call & Commitment (1/28/83, pg. 7), I wrote: "That other Christians have received visions and revelations of this TINY STAR years before I had any revelation is ***NO surprise*** to me. Back in 1977, when Jesus sent me out over the nation to warn of judgment coming, He told me I was being sent out with FINAL WARNINGS. This meant that warnings had come before, been ignored, and so I have seen that when He sends me it's also the last chance to obtain mercy through prayer (and hopefully, where necessary, Repentance too). There is no call to FEAR here, except to Fear God. Rather this is a call to HEED the warnings of a Loving God through Jesus Christ and to seek in prevailing, enduring prayer, God's help and mercy."

## ***VISION IN ARKANSAS***

I wrote about much of this vision in a much condensed form in the Ministry's Tiny Star Report of 1991 (pg. 2) and in the Ministry's General Bulletin "COME LORD JESUS" (#4, 1/24/82, pg. 9). While driving west into Arkansas, JESUS gave me a vision. THE VISION: "I saw myself and the other two prophets standing in Texas (?) with heads bowed in deep prayer, all holding onto the Staff of God. Then, in the next instant, I saw this fiery globe entering far, far above the earth's atmosphere, and even though it was hundreds of miles above the clouds, the clouds instantly vaporized beneath it—then a rapid spectrum of colors, the sky turned brilliant blue, then orange, then red, then a brilliant purple—everything was bathed in this purple color.

In this same instant, I heard this mighty 'thunderclap' and saw windows shatter for miles around the three of us. The sound was heard for hundreds of miles. With that, a massive bolt of brilliant white fire and lightnings shot from The Staff skyward at tremendous speed. My heart leapt for joy, this was God answering prayer. The whole world would see this, for it shot skyward like a sun, and collided head-on with this fiery globe. There was a mighty blast, a terrible explosion, the light was so brilliant anyone looking up would be blinded, I knew. With a fury of sparks, lightnings, and fire the fiery globe was deflected and moved up and away from the earth. It was hundreds of miles above the earth, and as it traveled for just an instant northwards (it entered earth from the south and west, I saw trees instantly wilt, leaves curled, grass turned brown, streams, rivers, lakes boiled beneath it and temperatures rose 40 degrees in an instant. Then it was gone, winds blew, and temperatures

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

cooled. The Holy Spirit said, **‘MANY WOULD FAINT BUT NONE WOULD DIE.’**”

## **OCTOBER 22, 1982**

I saw this fiery globe come in from the south over the Gulf of Mexico (vision seen in the Spirit), it came in very fast at blinding speed and as it did, the Gulf waters literally exploded with terrible force. I heard a terrible “WHOOSHING” sound, the air screamed and roared, and I saw this city (Corpus Christi, Texas) drawn up and then engulfed in flames. Houses exploded in fire as it passed overhead, moving northwest. It left a path of flames, death, and destruction from Corpus Christi, Texas to Billings, Montana, striking the earth somewhere east of Washington state and north of

Billings, Montana. It hit a city, the explosion was horrible, the ground actually boiled for days. The earth shook and vast debris was shot into the atmosphere, such that the earth was cloaked in darkness for many days. Cities fell and terror was everywhere. I heard other “whooshing” noises but saw no more. I was plainly shaken by this.

Then JESUS CHRIST said, **“THESE THINGS HAVE I SHOWN YOU BY MY SPIRIT. IT MAY BE CHANGED BUT IT MAY BE KEPT-TO AS WELL. THE FATHER HAS CHANGED MUCH, EXTENDING MERCY AND GRACE TO MANY, BUT IT IS ON THE WAY. THE ASTRONOMERS HAVE SEEN IT, THEY MISIDENTIFY, THEY DO NOT KNOW WHAT IT IS. THEY ARE IN WONDERMENT EVEN NOW—THEY DO NOT SPEAK OF WHAT THEY WONDER. IT WILL BE APPARENT IN A NIGHT SKY IN THE TIME**

# **The Staff and The Sword Ministry**

The Tiny Star: Review & Update

**THAT I HAVE TOLD YOU IN YEARS PAST, BUT AS I HAVE SAID, NOT A HAIR OF MY SEALED LAMBS WILL BE SINGED FOR I WILL KEEP MINE AND KEEP THEM WHOLLY SAFE AND THE SEALING WILL SPREAD FROM CITY TO CITY WITH GREAT FORCE AND GREAT JOY FOR MEN WILL KNOW AND MEN WILL SEEK IT.”**

## **LATE OCTOBER 1982**

### ***JESUS SENDS ME TO PUERTO RICO***

In the Ministry’s Prayer Call & Commitment (1/28/83, pg. 6), I wrote: “Then, towards the end of October 1982 JESUS, through a Church group in Puerto Rico, brought me to Puerto Rico. There, I would hear these accounts:

- A bank officer near San Juan came to me concerned, for earlier in 1982 he had a very terrible vision. He saw a fiery ball passing west of Puerto Rico, moving from east to west towards the United States. He saw terrible fire and destruction as it passed.
- A Christian sister named Gracie told me about a 1959 vision of this same fiery ball falling on the United States causing great death and destruction.
- A Christian sister named Gloria told me about a 1981 vision of a “fiery moon” falling onto the earth.”

## **NOVEMBER 7, 1982**

In the Ministry’s Prayer Call & Commitment, A TINY STAR COMES (10/7/82, pg. 4), I wrote: This Tiny Star, I suspect, is a burning small planet. It’s much smaller than the earth and if it impacts, it will not destroy the earth but a terrible destruction will result. The trajectory is known, and Jesus has revealed that every city and town under it will be consumed in fire, and a rolling wave of fire would spread East and West of its trajectory causing great destruction. It’s known that such a rolling wave of fire would reach Dallas-Ft. Worth to the east and Amarillo to the west. Prayer may diminish or change this, but without prayer it’s only a matter of time. Time? Unknown, except for something Jesus said on **December 30, 1980** said: **“THIS IS THE MOMENT, IT’S NOW, LOOK TO THE NORTH, LOOK TO THE SKIES.”** So, on a December 30<sup>th</sup> of some year, it will be visible.

## **NOVEMBER 19–20, 1982**

### ***“BAFFLING” SCIENTIFIC DISCOVERY***

In new reports around the world on these days, the BAFFLING discovery of a University of California astronomers hit the news. They had discovered a neutron star that defied known laws of astrophysics. The scientists used terms such as BAFFLING, I’M TOTALLY STUMPED, and PUZZLING when speaking of this Tiny Star. Their expressions not only fit JESUS’ description of

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

their wonderment, but the Tiny Star was discovered on a day that JESUS revealed to a Christian in a night dream of March 13, 1982, 197 days before astronomers found it. How could an object 8,000 light years away affect earth? The Holy Spirit showed that a particle or spark off this neutron star was moving through a time void, covering vast distances in a short time. Now Jesus would show it was re-emerging into our 3<sup>rd</sup> dimension January 30, 1983 and growing wildly in size. While I cannot “prove” this to anyone, all one can say is that this is the Word of God, and that my understanding is “VERY CLOSE”.

Really, the issue here is NOT proof—the issue is 1,000 Christian intercessors praying BEFORE it is seen by all, however far into the future that may be.

## **NOVEMBER 21, 1982**

### ***640 PRAYING***

While in Amarillo, Texas trying to find Christians who would pray, Jesus said this: **“PERSIST, YOU WILL STAND IN MY VICTORY. IT IS NOW NEAR [that is, the Tiny Star is now near]. LOOK SKYWARD IN DAYS. FIRE AND MORE. THE BEAST [of Anti-Christ] STIRS. BE BOLDER, PRAY MORE. I AM WITH YOU. GIVE NO ESTIMATES OF TIME—TOO LITTLE TIME, TOO MUCH WORK. THERE ARE NOW MORE THAN 640 PRAYING. IN DAYS IT WILL INCREASE MANY FOLD.”**

### ***640 REVOLUTIONS***

In the Ministry’s Prayer Call & Commitment (1/28/83, pg. 8), I wrote: “The first thing I noticed was that this TINY STAR discovered September 25, 1982, was spinning wildly some 640 revolutions per second and that JESUS spoke of 640 Praying—the number 640 was identical. ***It was a neutron star***, as I ‘knew’ back in early September 1982, weeks before its discovery, and everything the astronomers said fit JESUS’ descriptions of it perfectly. This TINY STAR was so unique, so different, so puzzling and unlike anything ever seen before that it got TV news coverage in October and now press coverage in November. I would receive a letter January 10, 1983 from Linda, a Christian Intercessor who shared that back in January 1982, she was asked to pray about the number ‘640’ which another Christian had gotten from JESUS during prayer but with no understanding. Linda prayed and fasted about the ‘640’ on January 27, 1982, and while no clear understanding was gotten other than it had to do with 6:40 a.m. Eastern Standard Time, and that it somehow connects with April 8, 1983. The clearest direction of the Holy Spirit was for PRAYER, this Linda has done.”

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

## **DECEMBER 1982**

### ***YET MORE CONFIRMATION***

A letter was written to a Christian (Lyn) who distributed copies of the Prayer Call about this TINY STAR. The writer gives one more confirmation. I quote parts of the letter dated December 8, 1982: “Greetings to you in the name of JESUS . . . Was delighted to hear from you . . . and the material you sent along. It was all very interesting and awesome and I will be praying. After reading about the tiny sun it occurred to me that I may have seen this . . . in a night vision (dream). It was sometime in September 1979 . . . I dreamed that I was outside, it was very DARK, night time. I was facing SOUTH and looked up in the heavens and I saw an arc of light. It had no rays radiating from it, it looked somewhat like a neon light . . . to the right of this arc I noticed that a star, or what appeared to look like a star, began to act crazy, spewing out fire and beginning to twist and turn in REVOLUTIONS QUITE RAPIDLY . . . I saw it finally strike the earth. . .the Earth shook from the thud of the impact and . . . began to roll west to east.”

## **JANUARY 20, 1983**

### ***A CLEAR INSIGHT INTO ONE TINY STAR***

In Albuquerque, in prayer, God the Father showed me the Tiny Star. I knew I was seeing it in PRESENT TIME. It was the size of a basketball. It was dull white and had a cracked appearance. I “KNEW” that at this time our sun was between “IT” and the earth, thus it would not be visible to astronomers for at least four months. I had no idea how close it was, but I knew it had been traveling in a time void, it came from the Tiny Star, it was a particle from it.

### ***SPARKS FLY***

I now remembered Jesus’ Word of January 17, 1982, “**WATCH JANUARY 20<sup>TH</sup>—SPARKS FLY**”. This “thing” was literally a “SPARK” hurled off from the main Neutron Star and it had been traveling a full year in a 5<sup>th</sup> dimension, a void of time. This globe of light and neutronic energy was moving faster than the speed of light, in and out of a time void, thus it was visible and then invisible at intervals. As it slowed, it would finally reemerge into our time dimension (3<sup>rd</sup> dimension) and being primarily “light and energy”. Once it did, it would begin to expand like dough in an oven. What was only about a foot in diameter would be 30 miles in diameter in a matter of days. I realized that other TINY STARS had been hurled at earth, but burned out before arriving. When all the light and energy in a TINY STAR burns off, the residual matter (in vapor form) cools and forms a hollow globe.

### ***OUTER DARKNESS***

What the Holy Spirit gave me to know plainly boggled my mind—this tiny SPARK was thrown off

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

from the main star some 8,000 light-years away January 20, 1982. I saw this time void, would describe it as an “Outer darkness”, and saw a wavy stream of energy that was this “SPARK” or particle from the neutron star. I knew it’s covered most of the 8,000 light-years distance to earth in that year’s time, and as it slowed it broke through back into the 3<sup>rd</sup> dimension. I “KNEW” it was not a sun, not a planet, but somewhere in-between. It is a fusion or unity of Light and Neutronic energy with traces of matter. It has very little atomic structure, no atomic fuel, and is light and energy.

## **JANUARY 21, 1983 (3:30 p.m.)**

In the Ministry’s Prayer Call & Commitment, 1/28/83, pg. 9, I wrote: “Some 17 hours later (than the vision of Jan. 20, 1983, above) the Holy Spirit gave me to know this thing is now 20 feet in diameter—a 2,000% increase in diameter. I saw this stream of energy moving into the center of the globe of fire, it was gaining dimension fast. JESUS now spoke to me: **‘MY SON, I QUICKEN YOU TO SEE AND KNOW—IT IS NEAR. IT IS NOW. PRAYER IS ALSO NEAR TO REQUIREMENT. ALERT ALL—FORGO EXPENSES . . .’**”

## **JANUARY 22, 1983**

In the Ministry’s Prayer Call & Commitment, 1/28/83, pg. 9), I wrote: “The Lord shows me it’s 120 feet in diameter, a strange Amber color and pulsating. I know it will cause intense radio static in space. JESUS says, **‘THIS I SHOW YOU.’**”

## **JANUARY 23, 1983 (9:30 a.m.)**

In the Ministry’s Prayer Call & Commitment (1/28/83, pg. 9), I wrote: “The TINY STAR is now over 380 feet in diameter, a dull light green and reddish color. JESUS says, **‘TOMORROW AT THIS TIME, IT WILL BE 1,860 FEET IN DIAMETER, A BRILLIANT ORANGE COLOR.’**”

## **JANUARY 24, 1983 (1:50 p.m.)**

In the Ministry’s Prayer Call & Commitment (1/28/83, pg. 9), I wrote: “JESUS says, **‘IT IS 1,860 FEET IN DIAMETER.’** At 2:47 PM, JESUS says, **‘TOMORROW (Jan. 25<sup>th</sup>) AT THIS TIME, IT WILL BE 3,020 FEET IN DIAMETER.’** At 3:00 PM JESUS says, **‘THREE DAYS FROM TOMORROW’S TIME (Jan. 28<sup>th</sup>), IT WILL BE OVER 16,000 FEET IN DIAMETER.’** Ultimately it will reach a diameter of between 20 to 30 miles. On January 25<sup>th</sup>, I asked the Lord if it was important to understand what this was and how it worked. The Holy Spirit told me, **‘NO, IT’S IMPORTANT TO PRAY—YOU DESIRE TO KNOW, SO I GIVE YOU TO KNOW. YOUR UNDERSTANDING IS CLOSE.’** As this thing expands, the fusion of Light and Neutronic energy will begin to break down, thus the dull light it gives will change to intense brightness as Light and Energy radiates out from the fiery globe. I knew that in a time, lacking atomic fuel, it would die out

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

suddenly like a bulb burning out. What would be left is a residue of atomic structure which as it cooled would form lumps of matter that would break apart into a stream of matter. I now realized that the meteor seen October 27, 1983 might have been one such piece of matter from an earlier TINY STAR that died out long before it reached earth. Except this mass of energy and light is not so far that it will die out, it will collide with Earth if there is not enough prayer.”

## **JANUARY 27, 1983**

In the Ministry Prayer Call & Commitment (1/28/83, pg. 9), I wrote: “JESUS said, ‘**NOT YEARS, MONTHS**’ (in reference to the TINY STAR). It’s close, and in MONTHS not YEARS, it will be either APPARENT to all, and/or near Earth. A further knowing by the Holy Spirit boggles the mind, presently this ‘thing’ is traveling at greater than the speed of light. This means that even if astronomers detect the radio static, it may be literally invisible except for a trail of dull, blurred light. Thus even if astronomers detect it (in April 1983) they will totally miscalculate its distance, thinking it’s far away when in fact it’s just the opposite.”

## **JANUARY 28, 1983**

### ***ENDANGERED CITIES***

In the Ministry’s Prayer Call & Commitment (1/28/83, pg. 2), I wrote: “Endangered Cities—these would fall either directly beneath or near to the path this ‘TINY STAR’ would follow and would be incinerated instantly: Corpus Christi, TX; San Antonio, TX; Brady, TX; Amarillo, TX; Strasburg and Denver, CO; Greeley, CO; Cheyenne, WY; Billings, MT; Great Falls, MT. The point of impact is not known, however JESUS said it would be a CITY in the AMERICAS. It’s possible that Calgary, Alberta, Canada may be the point of impact. JESUS indicated this super-hot globe of fire would set in motion a rolling wall of super-heated air that would move both West and East of its trajectory, reaching as far east from Abilene, TX to Dallas-Ft. Worth, TX. Likewise, an equal distance West and all along its trajectory. This super-heated wall of air would move with tremendous speed and ignite fires with a force not unlike the blast effect of a nuclear explosion.”

### ***“OTHER WHOOSHING NOISES”***

In the Ministry’s Prayer Call & Commitment (1/28/82, pg. 2), I wrote: “OTHER WHOOSHING NOISES—There will be other such fiery globes, likely smaller, possibly fragments from the main fiery globe. JESUS’ Word of “**SPARKS FLY**” of 1982 indicates more than one and visions of Christians over the years clearly points to one such fiery globe moving North-East and impacting New York City. Of this little is known. JESUS has given more detail on the one moving North-West from Corpus Christi, TX. JESUS has made it clear that this terrible devastation is NOT inevitable; however a rebellious, prayerless, and unbelieving Church has given Wormwood opportunity to author this TINY STAR.”

# The Staff and The Sword Ministry

The Tiny Star: Review & Update

## ***The 1,000 INTERCESSORS***

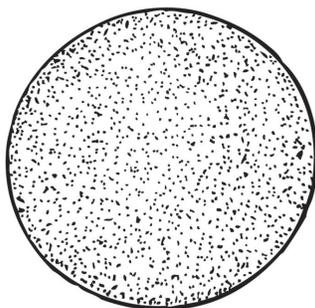

In the Ministry's Prayer Call & Commitment (1/28/83, pg. 2), I wrote: "After traveling over 27,000 miles since September 15, 1982, distributing these prayer calls to pastors and Churches and people on the street along the trajectory this TINY STAR would follow, only 180 Christians sent in "prayer commitment slips" (most of them readers of the Ministry newsletters) and by revelation of the Holy Spirit it's known that some 700 or more ARE praying. But 1,000 is God's requirement. JESUS has made it clear that 1,000 Christians praying day-by-day, by faith and believing His Word, that when it is apparent to all (visible to mankind generally worldwide) the Lord our God will intervene and deflect it from earth. YET, if there are NOT 1,000 Christians praying for God's help WHEN it is apparent to all (visible to mankind generally worldwide), it will be too late. This TINY STAR will come and not be stopped no matter how many pray then—the Bible is clear on this point, we Christians are to go by faith in God's Word, not by sight."

## ***A SUBTLE KNOWING AND A PROBLEM:***

In the Ministry's Prayer Call & Commitment (1/28/83, pg. 5), I wrote: "From the time JESUS showed me this TINY STAR on September 4, 1982, I had certain knowing about it, these being:

1. It was NOT a comet nor a meteor, as I knew it has an electro-magnetic field.
2. I knew it was a neutron mass of energy, thus a neutron star.
3. I knew it was "homing" in on earth like a heat-seeking missile would, attracted by earth's North pole.

This 'knowing' was so subtle that I could not tell if it was the Holy Spirit revealing this or if it came out of my own 'guesstimation.' What I also knew was that this thing did not fit into any known definition. When in early October (1982) a Christian in Texas pointed out that even a football-sized neutron star would be so hot, so heavy, it would destroy the earth long before it hit earth, I decided to shelve this 'knowing' as I knew that even IF IT HIT EARTH, IT WOULD NOT DESTROY THE EARTH. We prophesy in PART, we understand in PART—JUST NOW THE CLEAREST WAS THE DEFINITE URGING OF THE Holy Spirit to WARN and to find Christians who would pray. That's what I did." Below is another illustration of the Tiny Sun:

The Tiny Star: Review & Update

## **MARCH 30, 1983**

JESUS had indicated that 1,000 praying about the Tiny Star was the need, and this day of March 30, 1983, the number was reached. The Lord then re-directed my attention to other prayer calls now and news from astronomers about “strange things” seen in the sky essentially faded away at this point. I thought the job was done.

## **DECEMBER 30, 1983**

### ***THE EVIDENCE SURFACES—IT FITS!***

But, the job was not done. On this day, I saw a news article with a headline that read “DISCOVERY BAFFLES ASTRONOMERS”. The article went on to explain that a heavenly body (possibly as large as the giant planet Jupiter and possibly so close to Earth that it would be part of this solar system) had been found. The article also explained that the heavenly body was a dead mass of rock and dust—there was no light. More, the article explained that the heavenly body was a truly a mystery in that it appeared suddenly and had not been there previously. The astronomers do not know where it came from, or what it was. I waited and prayed about this news article until by both Holy Spirit leading and inner witness, that I KNEW it is what I thought it might be. This massive ball of dust and rock, as big as Jupiter, is all that remains of the TINY STAR that was racing toward earth in 1982.

### ***ONE TINY SUN WAS STOPPED!***

PRAYER stopped this one by an extraordinary effort in 1982 and 1983. I would remind you that JESUS indicated that enemy power was broken TEMPORARILY and this January 1984, would again renew His Word speaking of a DEATH STAR on the way and the need for 1,000 intercessors.

### ***BUT, WAS IT REALLY OVER?***

***September 1, 2008 Comment by Chuck-JOHNEL:*** *One Tiny Star was stopped by 1,000 Christian intercessors praying, but it was not over. The Lord Jesus would reveal that the enemy of our souls was generating multiple Tiny Stars, working through the prayerlessness, rebellion, and disobedience of the church to get power to set others in motion. The Net of Prayer proved to be the backbone of the prayer work, foundational to added prayer by others who responded to the call for prayer. This work of prayer had been by faith and not by sight. For me, it was a steep learning curve as I was wholly out of my element and had little knowledge of the realm of outer space. The visions were clear and Jesus’ Word was equally clear but there was no science for the kind of thing I was seeing and calling for prayer to stop.*

## The Tiny Star: Review & Update

*On November 14, 1979, when Jesus shewed me a Soviet plan to make war and took me IN THE SPIRIT into the Kremlin to hear them planning it. In that the Net of Prayer moved in Christ mightily IN THE SPIRIT to do battle with a demon army that aimed to empower this plan for Nuclear World War III and in Christ's empowerment destroyed the demon army and plan. It was just a short period of months before the whole plan was uncovered and destroyed and became visible in this world. This was a major faith boost for the Net of Prayer and so we moved with such faith to address the dangers of the Tiny Star. In later years in moving IN THE SPIRIT, I realized that I had been shown what is best described as a black hole or a star collapsing on itself to the extent it pushed into the 5<sup>th</sup> dimension and was throwing off pieces of a fusion of light and energy with a smattering of matter. It looked like a spinning fireworks.*
